WORK EXPERIENCE

We Developers Pvt Ltd

Jan 2024 - Present

Full Stack Developer (MERN Stack, NextJs), Onsite – Pune

- Designed and deployed multiple web applications including **E-commerce platforms, POS systems, and fruit and vegetable ordering systems.**
- Built and delivered **cyber security** static websites, ensuring clean UI and responsive layouts.
- Developed service-based websites such as **Parents First Services.**
- Created corporate and product showcase websites, including **Triovibe Company's product manufacturing site.**
- Worked across both frontend and backend, handling deployment, database integration, and production hosting.

Initial Infinity Pvt Ltd.

Jan 2023 – Oct 2024

Team Lead Flutter Developer WFH – Mahape,Navi Mumbai

- Led a team of Flutter developers, managing task assignments, sprint planning, and daily progress reports.
- Coordinated with team members to ensure timely delivery of mobile application projects while maintaining code quality.
- Actively contributed to development of hybrid mobile applications using Flutter.
- Managed end-to-end deployment of applications on Google Play Store and Apple App Store, including build generation, testing, and release management.
- Collaborated with stakeholders to understand requirements and translate them into technical solutions.

We Developers Pvt Ltd.

Nov 2019 – Jan 2024

Junior Mobile App Developer(Freshers) On Site – Pune

- Worked as a fresher and junior developer on hybrid mobile applications using Flutter and Ionic frameworks.
- **SIA SWAN Pro – Taxi Booking & Travel Insurance App**
Developed mobile application features for taxi booking and travel insurance workflows, including user registration, booking management, and service integration.
- **POS Billing System**
Contributed to the development of a Point of Sale (POS) system for billing operations, handling product management, invoice generation, and basic reporting features.
- Collaborated with senior developers to understand requirements, implement UI components, and fix bugs.
- Assisted in testing, debugging, and improving application performance across Android platforms.
